As a work-for-hire publishing consulting firm, our sole focus is on the needs of our clients. This includes book design and layout (print and eBook), marketplace setup, and **book marketing campaigns**. We entered the industry in 2009 and are one of a small number of firms Amazon often refers authors to for assistance in digital publishing. We typically work with less than 100 authors per year and because of our smaller size, we are able to provide higher quality, dedicated support, and fast turn-around – all aspects of our business model designed to benefit you, our most valued client. Each new client benefits from the cumulative experience that results from the previous work we've completed for the hundreds of clients who've already hired us. Our standard contract is provided to give you a better sense of our services and fee structure. It follows a proven 5 phased approach based on best practices that we recommend. **You can hire us for as little or as much as you need:**

*The measure of
our success is
defined by the
success of our
clients.*

- Phase 1: Get the **eBook edition formatted, converted & published** to all the major marketplaces.
- Phase 2: Setup **print-on-demand** edition – for review copies and/or for sale.
- Phase 3: Setup your **author profile pages** on Goodreads, Amazon, Facebook, and/or LinkedIn.
- Phase 4: Send out an offer for **complimentary review copies** (ARCs) to book reviewers.
- Phase 5: Run an Amazon **KDP bestseller campaign**.

We are committed to delivering nothing less than our very best every day (and we are always striving to improve on our best). We discovered long ago that our success is a direct result of the success of our clients. We always strive to produce a result that measures up to the appreciation we have for the work you have already done.

We look forward to working with you!

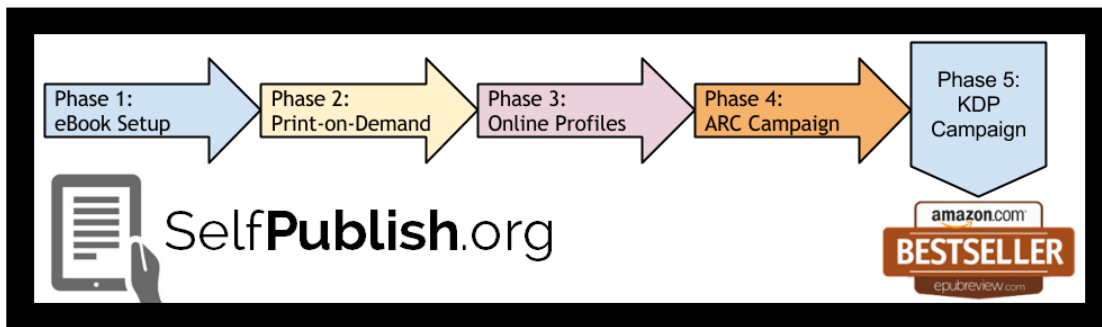

Sincere regards,

Brian Schwartz

5 phases to Self Published Success

Phase 1: Get your eBook edition formatted, converted & published to all the major marketplaces

- Cover design
- eBook formatting and conversion
- Marketplace setup and **optimization** (Amazon, Apple, BN, Kobo, etc.)

Phase 2: Setup print-on-demand edition
(ARC and/or retail edition)

Before we start building your profile pages, it is advisable to send out ARCs (review copies). While readers are reading your book, we can begin building your profile pages (Phase 3).

Phase 3: Setup your author profile pages

We can setup and maintain your author profile pages at Goodreads, Amazon, Facebook, BookBub, and PubWriter. We can also assist with your author website if desired. Additional options include: online press releases, Wikipedia, and YouTube.

Phase 4: Offer complimentary review copies (ARCs) to book reviewers

We contact book reviewers on the authors' behalf. We utilize 3rd party services as well as an in-house list of over 100 book reviewers. Depending on the options selected, a press release will be distributed to over 18,000 media companies, and 50,000 book sellers, librarians, and reviewers. This service includes setting up web pages to: **collect, distribute, and track reviews.**

Phase 5: Run an Amazon KDP bestseller campaign

To boost your **credibility** and **visibility**, we can run a KDP Bestseller campaign. We enlist the support (via paid placements) of over a dozen promotional partners. Our success rate of hitting #1 bestseller status in at least one category is over 90%, and we have landed in the top 10 in at least one category in every campaign we've ever run.

Customer Testimonials

Wow, we just ran my campaign and what a huge success. My book took #1 in 3 categories on Amazon, I ended up in top 100 on Kindle and we had over 8000+ downloads. This was the most awesome experience ever and no way I would have accomplished this without the expertise of Brian and his team. It was worth every penny.

- **Freda Mooncotch**, *Defying Age With Food: Reclaim Your Health, Energy & Vitality! It's What You Eat, Not How Much You Exercise.*

★★★★★

We were quite pleased with the results of our KDP campaign: achieving Amazon bestseller status in two categories! Brian and Cynthia are great to work with, very knowledgeable, patient and responsive. We can highly recommend them to anyone who is seeking greater visibility for a self-published book.

- **Deborah Pruitt**, *Group Alchemy: The Six Elements of Successful Collaboration*,
Groupalchemy.net

★★★★★

I found Digital Publishing Consultants and eBook Formatting Specialist on the internet, and this company had great reviews. As with anything you read on the internet, there is some skepticism and trust that goes along with hiring on the recommendation of people you've never met. I knew I wouldn't ever get my ebook published if I had to do it myself, so I hired Brian Schwartz, the Kindle Expert to shepherd me through the process. I have not been disappointed, and this company has delivered everything I expected. Communication was great and his response to my emails were within the same day, often within the same hour...and I could reach him by cell phone immediately during business hours. I had some difficulty selecting a cover design, but he worked with me until the decision was made, suggesting creative options. What I liked most about this company is that there was a smorgasbord of services you could choose from with the prices for each and what the service included. It was very reasonable, and I couldn't be happier with the results. For anyone wanting to publish in ebook format, I would highly recommend Brian Schwartz!

- **Charmayne Sanders**, *SANDCASTLES: Dream Poems of Childhood Sweethearts and Lost Loves*

★★★★★

Not knowing what I was doing in the e-book field, it was recommended to me by a fellow writer, to get in touch with Brian Schwartz at ePub Conversions. It proved to be the best advice I got. He made it seem so easy that I decided to go further with his organization, and ask them to do a promotion for the book: "The End Times Chronicle", a non-religious Alternative History was put in the hands of Cynthia Bastian, who guided me, made suggestions where appropriate, and demonstrated a patient and professional attitude, even up to choosing the best genre for the listing. I am eternally grateful to her for getting me through a sticky period. *The End Times Chronicle* came in at #2 in the Alternative History best seller list!!!

- **Dacre Hill**, *The End Times Chronicle*

★★★★★

On behalf of the Sir Romeo Beau Project, we would like to extend our sincere appreciation to Kindle Expert for all of their hard work and support. The success of the Bestseller rating our book achieved wouldn't have occurred if it hadn't been for Kindle Expert. We would highly recommend Kindle Expert for their professional guidance on publishing an eBook. This was definitely the right decision on our

www.SelfPublish.org

end not only professionally but personally. Brian and Cynthia have become our friends. We are looking forward to publishing future eBooks with them. -

- J R Pullen, *The Adventures of Sir Romeo Beau Basset Hound Service Work Doggie*

★★★★★

Brian has done all the work for me on all three editions of my book. He is a delight to work with, playing the roles of cheerleader, editor, counselor, advisor, and artist with equal excellence. Being a writer himself, he knows the travails we as writers experience while creating our "masterpiece". If you are seeking to be self-published and want the best in the business to help you, Brian is the man! Brian goes over and above anything you would expect from one who charges such a modest fee for his superb service. He knows all the ins and outs of the business and is happy to share his vast knowledge. And he does everything he can to continue to help you long after you have paid him his fee.

- Doug Williams, *From Cop To Crusader: The Story Of My Fight Against The Dangerous Myth Of "Lie Detection"*

★★★★★

After struggling with Amazon.com and calling multiple other "industry experts" for assistance, Brian from epubconversions.com, was able to answer all my questions and get my book up on Amazon. I had a .pdf with lots of pictures and design work. He was able to convert it wonderfully and also answered my call each time I called! Without a doubt, this guy knows what he is doing and actually cares that you are happy!

- Kyle Kittleson, *Wear a Wetsuit at Work: How You Can Become a Marine Mammal Trainer*

★★★★★

Working with Brian on this project was a dream come true. We struggled for months with an ePublisher and finally called it quits after unsatisfactory results. We hired Brian, who was very approachable, accessible, collaborative, professional and supportive. What more could you want from a Kindle expert? Our ebook, with over 100 photos and five videos, was a technological challenge. Brian met or beat all commitments, was very responsive, and suggested solutions to enhance our customer's reading experience.

- Cynthia Fletcher Rothstein, *Scotland at the speed of life: making ourselves at home on the road*

★★★★★

Brian and his excellent staff digitized my two books, Showtime at the Apollo and In The Groove, and set them up as eBooks. They were a pleasure to work with: responsive, thoughtful and creative. They followed up on the many details involved, and patiently walked an analog guy through the entire process. They also produced beautiful looking eBooks, especially Showtime at the Apollo, with 150+ photos painstakingly placed throughout the book and gorgeously rendered.

- Ted Fox, *Showtime at the Apollo, In The Groove*

Goodreads Author Page

The screenshot shows the Goodreads author page for Marie-Louise Damberte. The page header includes the Goodreads logo, a search bar, and navigation links: Home, My Books, Groups, Recommendations, and Explore. On the left, there is a section titled "ROMANCE IN FRANCE" by Marie-Louise Damberte, featuring three book covers: "A Spicy Business Trip to Paris", "Antique Hunting", and "A Seductive Boss". Below these covers are statistics: 0 ratings, 0 reviews, and an average rating of 0.0. There are also links to "add as a friend", "follow reviews", "send message", and "compare books".

The main content area displays the author's name, "Marie-Louise Damberte", with a "Goodreads Author" badge. Her bio includes: "born France", "gender female", "website http://www.damberte.com", and "member since August 2014". An "About this author" section follows, with an "edit data" link. The bio text reads: "I am Marie-Louise Damberte, a French novelist. I share my time between France and the States. I have strong roots in France, where I spent much of my childhood. I'm clearly fascinated with French culture. I decided to keep a house in France, even after I met my husband in Los Angeles." Below this is a paragraph: "Let's get one think clear: I love the United States. I love the cultural diversity of its people, its dynamic nature, and the spontaneity and kindness of Americans. Yet I remain fascinated by the differences between the two countries. It's hard to accept the many clichés about France that I hear from my American friends. That's why I decided to help American readers discover the true France through my novels in the series Romance in France. My readers will disc...more".

A section titled "Marie-Louise Damberte's Books" with a "combine editions" link follows. It shows an "Average rating: 0.0 · 0 ratings · 0 reviews · 3 distinct works · Similar authors". Three books are listed:

- A Seductive Boss (Romance in France Book 3)** by Marie-Louise Damberte (Goodreads Author). Rating: 0.00 avg rating — 0 ratings. Includes a "Want to Read" button and a "Rate this book" star rating.
- Antique Hunting (Romance in France Book 2)** by Marie-Louise Damberte (Goodreads Author). Rating: 0.00 avg rating — 0 ratings. Includes a "Want to Read" button and a "Rate this book" star rating.
- A Spicy Business Trip to Paris (Romance in France Book 1)** by Marie-Louise Damberte (Goodreads Author). Includes a "Want to Read" button and a "Rate this book" star rating.

The screenshot shows the Goodreads page for the book "The Wachuga Project" by Douglas E. Wolfert. The page header includes the Goodreads logo, a search bar, and navigation links: Home, My Books, Groups, and Recommendation. The book cover features a green leaf and the title "THE WACHUGA PROJECT" by Douglas E. Wolfert. The page displays the book title, author name, and a rating of 3.65 stars based on 23 ratings and 7 reviews. A "rating details" link is provided. The book description reads: "Jeremy Barnard appears to be a normal kid. He's good looking, well-mannered, from an affluent family, has even earned valedictorian of his class. A perfect recipe for success. Then why is his life one, big, epic fail? Because every time he tries to speak, a complete and utter mess comes out. School life is hell, with Jeremy's Neanderthal peers mocking him at every turn. To ...more". Below the description, it states "Kindle Edition, 269 pages" and "Published August 6th 2014 by STAGE 5 PUBLISHING, LLC". There is a "more details..." link and an "edit details" link. A "Get a copy:" section includes buttons for "Barnes & Noble", "online stores", and "Libraries". At the bottom, there is a "Friend Reviews" section with a "recommend this book" button and the text "None of your friends have reviewed this book yet."

Below this is a text box that says "Invite your friends to like Marie-Louise Damberte". The main timeline area shows a post with a book cover and the text "What have you been up to?". Below that is a link shared by Marie-Louise Damberte, posted by Veronica Yager on August 28, with the text "Buy the books on Kindle here:". At the bottom of the link post, there is a small image of the book covers and the text "Marie-Louise Damberte www.amazon.com".

Family of Distorted Minds

[BUY IT ON KINDLE](#)

Why had God placed this life in front of me? To start with, the Lord never gives you more than you can handle.

I would be born to parents Joyce and Denny Grant, married at ages seventeen and twenty-three. It was a match made by way of Denny's maternal aunt, Kitty. In 1956 she was my mother's roommate in Camarillo, a California insane asylum. This marriage was a slice of hell, giving birth to three children. Joyce would kill her second born, Jimmy, followed by her hanging me as a two-year-old, three years later.

Where does one's life go from there? What were the reasons for these events—or those that followed, many of which my mind blacked out? What was God's plan? What would I learn? When would I begin to remember ...

Summary ↑

Murder Times Nine is a detective Sudoku puzzle mystery set in present day Reno. When a young woman's strangled body is discovered among the willows on the banks of the Truckee river, the autopsy reveals a Sudoku puzzle grid branded onto her. Within the grid, nine numbers are filled in. When a second victim is found knifed through the chest with a Sudoku puzzle grid tucked neatly in his breast pocket with nine additional numbers, Detective Charles Lee fears a serial killer is stalking his city. The vengeful and brilliant killer leaves only a single clue at each of the murders. That clue is a Sudoku puzzle devised to taunt and tease the detective. The murderer adds nine numbers to the puzzle left on the most recent victim's corpse. The numbers are a code that identifies the next victim. Using antique and unusual weapons for each of the murders heightens the grisly killings. The bodies keep piling up as the murderer leaves an increasingly more complete puzzle on the latest victim. Detective Lee knows he is running out of time. He must unravel how these sets of nine numbers target the next victim. Can he determine who will be the next victim before another dead body is found? Only then, will he be able to stop the killer before the puzzle is complete and the killer vanishes. Fast paced action throughout. In the early chapters, a discerning and analytical reader can decode the killer's added numbers by a careful reading of the chapter describing the next victim. No math skills required!
